**They saved a stranger from the sea
and in return he stole their hearts**

Starring Academy Award winners Judi Dench and Maggie Smith, *Ladies in Lavender* is a heartwarming film about two sisters who find their lives changed by a young man, Andrea, who has been washed ashore and badly injured. Upon taking him in, his presence quietly invokes Ursula's (Dench) abandoned feelings of longing and Janet's (Smith) maternal instincts, while also arousing suspicion and fear in the township during pre-war times in Europe. But throughout Andrea's stay, the two sisters discover his true origins, his talents as a gifted violinist and embark on a journey they had never imagined for themselves.
